<p>PLAIGARISM</p> <p>1. Definition</p> <p>Learning Works believes that “Plagiarism is a form of academic dishonesty that is considered a serious offense and carries severe penalties ranging from failing an assignment to suspension from school. You are guilty of plagiarism any time you attempt to obtain academic credit by presenting someone else’s ideas as your own without appropriately documenting the original source.”</p> <p>2. Policy Statement</p> <p>Learning Works will adopt a zero tolerance policy towards plagiarism as defined in the first section. All students will be informed of this policy and are expected to comply. This policy is an integral part of student information provided before entrance to a specific programme/qualification at LW.</p>	

3. Process

Learning Works places the responsibility of avoiding plagiarism on the students. Work produced by learners needs to be authentic and is checked by respective tutor. In addition, this is also checked by respective internal verifier.

In order to assist in this process, LW has introduced anti-plagiarism software Uni-check to ensure a high quality standard for student work is achieved.
